WHY CHOOSE ROOMFLEX 40?

If you are looking for a versatile folding door hardware product which features the latest innovative technology, then choose Roomflex 40.

Roomflex 40 is offered with a ten-year warranty and manufactured to ISO 9001 standards.

A minimalistic folding door solution without a bottom channel, the Roomflex 40 is an innovative, internal system for dividing rooms. Catering for doors weighing up to 40kg each, the kit is designed to create and enhance flexible living environments, allowing for a seamless walkway from room to room.

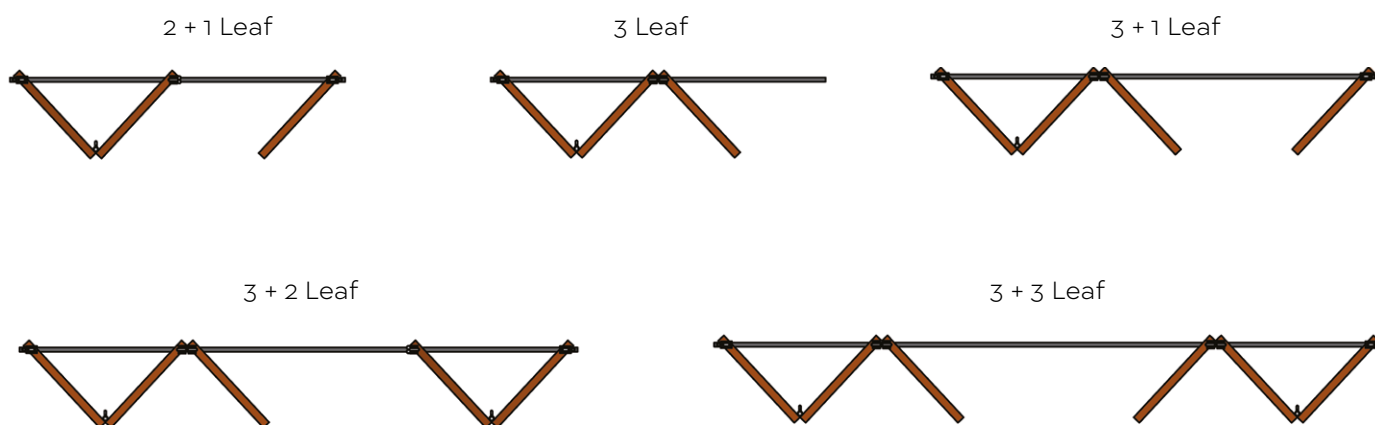

- Roomflex 40 is a high quality internal room divider hardware system
- Suitable for doors weighing up to 40 kg
- The system can be used on rebated jambs
- Aluminium track provides a smooth, quiet operation
- The system does not require a floor channel eliminating trip hazards when moving between rooms
- Reduces noise pollution between rooms
- Selected configurations available in kit form for ease of ordering
- Nylon guide wheel with precision bearings
- Maximum panel width of 838mm
- Wheels made from patented polymer material to ensure longevity of life
- Ideal for use in domestic environments
- Available in retail packaging on selected systems or as a bespoke solution
- The product has been tested to 25 years of average use
