## WHY CHOOSE HUSKY 120 PRO?

If you are looking for a versatile sliding door hardware product which features the latest innovative technology, then choose the Husky 120 Pro.

Husky 120 Pro is offered with a ten-year warranty and manufactured to ISO 9001 standards.

Husky 120 Pro is a robust smooth running straight sliding system ideal for creating room dividers. Suitable for both wooden and metal doors up to 120kg the system has low initial friction and is easy to install. There is a range of products including fittings kits and soft close to complete your sliding door system.

- Husky 120 Pro is supplied with aluminium top track as standard to provide a smooth, quiet operation
- The new system has low initial friction making it lighter to open and close your doors
- The new and improved soft close option caters for all panel weights up to 120KG
- The product has undergone over 100,000 cycle testing as standard
- Husky 120 Pro can be used for Internal applications
- Ideal for use in domestic, office and hospitality applications
- Available in retail packaging on selected systems or as a bespoke solution
- Maximum panel height of up to 2700mm and maximum panel width of up to 1500mm
- Wheels are made from patented polymer material to ensure longevity of life whilst offering an even operation
- Available in a choice of product variations including Low Headroom, Simultaneous Action and Telescopic
