Coastal BLU PVD Stainless Polished Brass Hardware Specified as Part of Farmhouse Renovation Project

Mrs Ballard has recently undertaken an extensive refurbishment and extension project at her traditional 1890s Hertfordshire farmhouse.

Replacing the original windows at the front of the home as well as specifying new timber sash windows for the new extension, a stunning new front door was also included as part of the project. Mrs Ballard chose a stunning 'Lydford' timber front door from the Dale Joinery range, finished in the shade of 'Chrome Green'.

To complete the look at the front of her home, PVD Stainless Polished Brass door hardware from the Coastal range were specified, including the DKB192 Doctor's Front Door Knocker, REG090 Regent Lever Door Handle and LP400 Sleeved Letter Plate. The PVD Polished Brass finish was the perfect, complementary choice to the dark green finish of the door, and suits the traditional façade.

The new front door really is a statement piece, and has added an extra level of beauty to this stunning countryside property.

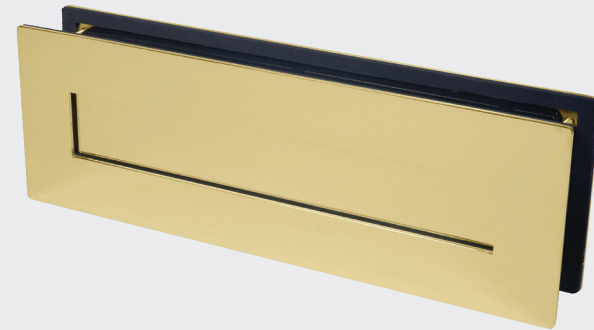

Products in this case study

REG090 - Regent Lever Door Handle in PVD
Stainless Polished Brass

DKB192 - Doctor's Front Door Knocker in
Polished Brass Coated

LP400 - Sleeved Letter Plate in PVD Stainless
Polished Brass
