A modern, stylish handle, designed to perform in even the harshest environments, the KM070 offers a premium finish, smooth operation, and the quality assurance that comes with BLU hardware.

MITRE

Lever Door Handle on Slimline Backplate

- **High-quality contemporary design** – multipoint door lock handle, engineered for performance and style.
- **Slimline backplate** – sleek profile that complements modern door designs.
- **Clip-on backplate** – conceals screw fixings for a clean, refined look.
- **Marine grade durability** – manufactured from 316 Marine Grade Stainless Steel for unbeatable strength and corrosion resistance.
- **Built for demanding environments** – ideal for coastal locations and use with acidic timbers.

The KM070 is also available as lever only with no euro profile cutout (KM070S) or as a blank backplate (KM070CP).
