Shaping the future.

ERGONOMIC Lever Door Handle on Backplate

Range		BLU HARDWARE
Product Code		KM130
Material		316 STAINLESS STEEL

The KM130 multipoint lever handle is engineered for strength, built for tough environments, and designed with comfort in mind.

It offers a serious upgrade for any modern front door.

ERGONOMIC

Lever Door Handle on Backplate

- **Built to last** – Crafted from solid 316 marine-grade stainless steel for unmatched corrosion resistance, even in coastal or acidic environments.
- **Solid, reliable action** – Heavy-duty spring cassette delivers a smooth, dual-lever feel every time.
- **Comfort in hand** – Ergonomic design with a special grip feature for better handling and daily use.
- **Clean, modern finish** – Clip-on backplate hides screw fixings for a sleek, minimal look.
- **Tested tough** – Satin stainless steel finish salt spray tested to 480 hours, Grade 5 (EN1670:2007).

Engineered for performance, styled for modern living, and built to withstand the toughest environments, the KM130 handle is where lasting quality meets everyday ease.

Finishes Available

Matt Black Lacquer Finish

316 Marine Grade Satin Stainless Steel features a dual coating paint system with an automotive lacquer, giving improved longevity. Unlike regular powder-coated finishes, this advanced coating prevents dulling over time.

- UV tested to BS EN ISO 4892-2 for superior weather resistance
- Scratch tested to ISO 1518-1 for a hard-wearing finish
- Corrosion tested to BS EN 60068-2-11 to withstand harsh environments
