SLIDING SASH FLIPPER SEAL

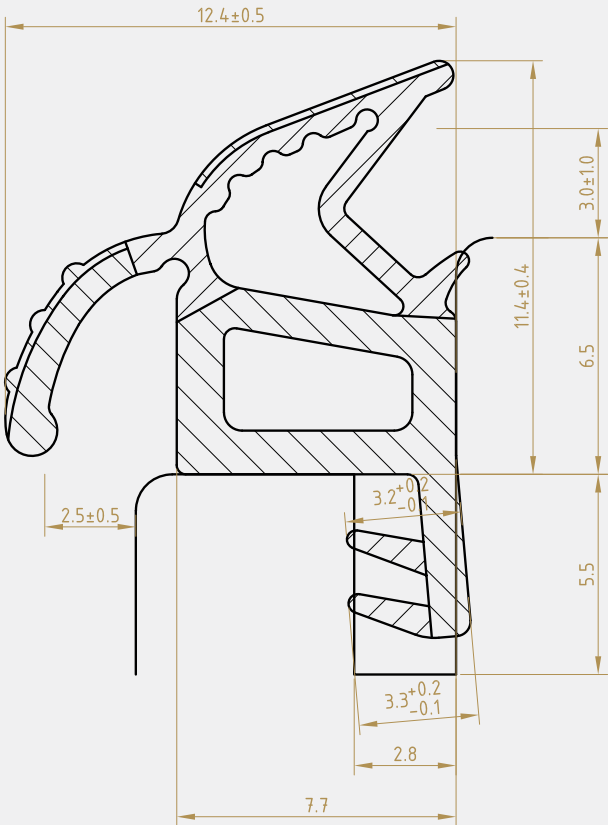

Product Code: S6220

LIT-DC-S6220

- Effective insulation and noise reduction while maintaining a traditional sash window appearance. This concealed, high-quality TPE seal ensures smooth operation with minimal friction and no brushes to wear or collect dirt.
- Effortless Sliding – Low-friction design for smooth operation.
- Superior Insulation – Hollow chamber blocks wind, water, and noise.
- Durable & Reliable – Rigid core for stability and easy installation.
- Weather & UV Resistant – Withstands -40°C to +120°C.
- Faster Manufacturing – Seals the front and side in one step.
- Clean finish – Hidden once installed for a polished look.
- Eco-Friendly & Recyclable – Cradle to Cradle certified.
- Lambda value: 0,25 W/mK
- Available in 100m rolls, white or black.
