Rooted in traditional design, engineered for long-term performance, the Duratique Solitaire Handle on Five Lever Backplate brings character, style and authenticity to classic doors.

SOLITAIRE

Lever Door Handle

Crafted from a solid stainless steel base, this handle is finished with a textured matt black coating to create a distinctive, rustic appearance while delivering the strength and reliability expected of contemporary hardware.

- Authentic antique styling – traditional lever design paired with a classic five lever backplate
- Solid stainless steel construction – engineered for strength, stability and long-term performance
- Textured matt black finish – creates a rustic, aged appearance with a durable modern coating
- Designed for five lever locks – suitable for internal and external doors where secure locking is required
- Part of the Duratique range – coordinates with matching door and window hardware for a coordinated look

A timeless practical choice, the Duratique Solitaire Lever Handle on Tall Backplate combines traditional styling with dependable modern engineering for doors where detail and authenticity matter.
