SOLITAIRE

Lever Door Handle on Tall Backplate

Crafted from a solid stainless steel base, the handle is finished in a textured matt black coating to achieve a distinctive, antique appearance. It is ideal for period properties and sympathetic refurbishments, while delivering the strength, stability and reliability expected of contemporary hardware.

- Classic design – a rustic lever paired with a tall backplate for a timeless look
- Solid stainless steel construction – engineered for strength, stability and long-term performance
- Textured matt black finish – delivers an authentic antique appearance with modern protection
- Heritage suitability – ideal for traditional, period and character interiors
- Part of the Duratique range – coordinates seamlessly with matching door and window hardware

A timeless practical choice, the Duratique Solitaire Lever Handle on Tall Backplate combines traditional styling with dependable modern engineering for doors where detail and authenticity matter.
