- Simplifies and speeds up your glazing process
- No more filing pinholes and redecorating – one option is a combination of 'secret nails' and the Deventer SV2 Glazing Gasket (Silicone capping may be needed in some instances)
- CoFirm Glazing Tape holds glass securely and enables unit to be externally glazed, holding the unit square within the sash (still need to toe and heel the unit)
- Durodeen beading removes issue of timber beading splitting, rotting and bowing
- End result - faster to produce windows and doors which perform better and last longer

Durodeen Beading Profiles

CoFirm Double Sided Glazing Tapes

Deventer Glazing Gasket

Durodeen Beading Profiles

**SPEED UP YOUR PRODUCTION & INCREASE THE LONGEVITY OF YOUR WINDOWS & DOORS**

"We started with replacing our glazing bars with Durodeen as we wanted to add the SV2 gasket to the bead to improve the overall quality of the product, and use a secret fixing brad to remove the need to fill and seal the brad hole. This proved very successful so we looked at the external plant-on bead which is simply cut to length and applied to the outside of the double glazed units with the glazing tape."

Joiner, Hampshire

COFIRM DOUBLE SIDED GLAZING TAPE

PART NUMBER	PRODUCT DESCRIPTION	FINISH	UNITS
CF1615-BK	1.6 x 15mm CoFirm tape	<b>BK</b>	46m Coil
CF1615-WH	1.6 x 15mm CoFirm tape	<b>WH</b>	46m Coil
CF1622-BK	1.6 x 22mm CoFirm tape	<b>BK</b>	46m Coil
CF1622-WH	1.6 x 22mm CoFirm tape	<b>WH</b>	46m Coil
CF1625-BK	1.6 x 25mm CoFirm tape	<b>BK</b>	46m Coil

- CoFirm is a high performance double sided glazing tape
- Made from closed cell PE foam tape which is ideal for bonding difficult or dissimilar surfaces such as Durodeen beads, Georgian bars, Astragal bars, fixing beads and for fixing glass against the rebate
- Easy to apply
- High initial tack and greater long-term bond than many other glazing tapes on the market
- Resistant to UV exposure and temperature variations
- Resistant to stress and vibration
- Provides an excellent seal
- Successfully used in our Part Q Tests

DEVENTER DRY GLAZING GASKET

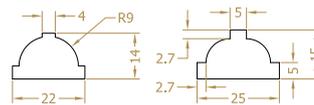

PART NUMBER	PRODUCT DESCRIPTION	FINISH	UNITS
SV2-BK	Deventer Glazing gasket	<b>BK</b>	200m Coil
SV2-WH	Deventer Glazing gasket	<b>WH</b>	200m Coil

- The SV2 is a high quality dry glazing gasket from Deventer
- Often used to seal around the external glazing beads on timber windows and doors
- Made from a high quality TPE closed-cell microfoam which is resistant to water absorption
- Compatible with resin and acrylic paint
- UV, Ozone and Smoke resistant
- Excellent working temperature range of -40 C to +120 C
- Cradle to Cradle certified seal making it environmentally friendly and fully recyclable
