Instructions

This product is designed to be used with the Trimvent Select Xtra R16 Ventilator.

See reverse for Ventilator fixing instructions.

1. Position grille centrally over slots and locate grille upstand in groove on underside of head drip.

2. Secure grille to frame using pins or staples of appropriate material.

Grille is moulded in polypropylene; care should be taken to ensure that timber finishes or processes do not affect the integrity of grille.

To maintain Equivalent Area when tested with TV Select XR16 slot and underside of head drip should be manufactured in accordance with dimensions supplied by Titon.

If vent supplied with protective cover tape, do not remove tape until authorised.
