## Inline Square Mitre Bar Pull Handle

Range		<b>BLU HARDWARE</b>
Product Code		<b>HAB4</b>
Material		<b>316 STAINLESS STEEL</b>

Striking square mitre design, with precision-cut angles and a seamless inline shape create a bold, contemporary door handle.

Inline square mitre front door pull handle combines sharp, architectural lines with the durability of 316 Marine-Grade Stainless Steel. Designed for both modern homes and high-traffic commercial entrances, this stainless steel pull handle delivers a clean, minimalist aesthetic while standing up to the elements.

# Square Mitre

## Bar Pull Handle

- **Minimalist, Uninterrupted Design** – No middle stem means a clean, streamlined aesthetic that won't interfere with your locking mechanism.
- **Heavy-Duty Strength** – A 1.5mm stainless steel wall thickness gives this heavy-duty door handle a reassuringly solid feel, perfect for high-traffic entrances.
- **Secure, Long-Lasting Fixing** – Brass bush fixing ferrules prevent the handle from loosening over time, ensuring a firm, stable fit.
- **Super-Satin Finish** – An extra finishing process creates a smooth, refined surface that resists corrosion and adds a premium touch.
- **Engineered for Harsh Conditions** – Designed to withstand coastal environments and acidic timber.
- **Easy, Versatile Installation** – A universal fixing method allows you to choose the right fixing kit for your door.
