

HQ SHIMWELL HINGE PACKERS

Product Code: HQ

LIT-DC-HQ

316 Marine Grade Stainless Steel Hardware Range

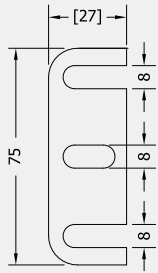

- The ideal packer for use with the HQ4 or HY3 hinge ranges
- Unlike other packer methods such as cardboard they will not compress and cause the door to sag over time
- Made from stainless steel
- Makes it easy to adjust the door or window if swelling occurs
- Available in various thickness and can be used in pairs to create larger shims to suit more severe gaps
