

SASH CORDS

Product Code: SCW

LIT-DC-SCW

Window Hardware Range

- Premium quality hardwearing sash cord made in the UK
- Two cords are used per sash passing over the sash pulleys. The lead or steel weights are then hung on the end of the cord
- Wax version provides a weatherproof, durable and smooth running cord which is low stretch and high strength due to polycore
- Solid braided nylon cord version ensures excellent abrasion resistance
- A man-made fibrous cord providing high strength, good elasticity, chemical, mildew and UV resistance
- Waxed cord successfully used in our Part Q Test
