

# OUTWARD OPENING FLUSHBOLTS

Product Code: SF190/L

LIT-DC-SF190/L

## Door Hardware Range

- Flush bolt for outward opening folding door systems
- Can also be used on other door applications
- Bolt is morticed into the face of the door sash
- Locking and non-locking versions available (we recommend using the locking version on the bottom of the door and non-locking on the top)
- Manufactured from aluminium
