

DURODEEN RANGE

EURO GROOVE INFILL RAIL

Product Code: DUR-EIR

LIT-DC-DUR-EIR

Before painting

After painting

Pre-Machined Profiles

- Supplied pre-machined for faster production, reduced labour time & costs
- Stays consistent from batch to batch
- Does not warp, distort or rot
- Does not splinter or blow out on the ends
- Provides a very high-quality paint finish
- Can be easily cut to required length
- Fills in the gap at the top of the Euro groove
- Provides a neat finish
- Prevents water from tracking down behind lock faceplate
